

ABSOLUTE CARE THERAPY

PHYSIOTHERAPY & DEMENTIA SUPPORT

PRICE LIST

FREE 10 MINUTE PHONE/EMAIL CONSULTATION

FREE

Ten minute phone/email consultation to discuss your individual situation and needs. I will discuss my service options, what you can expect, and funding/subsidy options.

COMPREHENSIVE ASSESSMENT

\$200 PER HOUR

Similar to an ACAT Functional Assessment, this details an individual's strengths and areas for improvement. I will provide a comprehensive report, and personalised support options, recommendations, and plan. This assessment is required prior to providing holistic therapy and can also be used to review care plans or dispute ACAT decisions.

PHYSIOTHERAPY/DEMENTIA THERAPY

\$200 PER SESSION

PHYSIOTHERAPY: Neurological rehabilitation, falls prevention, orthopaedic recovery, pain management, reablement, aids & equipment, balance retraining, accessing the community, environmental safety review.

DEMENTIA THERAPY: Cognitive stimulation, functional retraining, reminiscence therapy, well being & engagement, care plan review, About Me resources, carer support.

RESIDENTIAL CARE THERAPY

\$120- \$150 PER SESSION

Physiotherapy/dementia therapy service to people living in residential care. If more than one person receives treatment from the facility on the same day, I can reduce the price due to lower travel costs. As part of this service, I will review care plans and make recommendations.

HEALTH ADVOCACY AND SUPPORT

\$200 PER HOUR

Support with transitioning to residential aged care
My Aged Care advocacy and support
ACAT advice
Carer Support
Linking in with Community Organisations
Future planning

If these prices are unaffordable or your funds are limited, please contact me to discuss.

Travel not included: All effort is made to minimise travel, however a small percentage is billed across clients for the day. This will be discussed.
